

# Artist Information

Artist Name: Moritz Minoa

Collective: Korajo

The following equipment is requested for the performance:

## Equipment Requirements

- Players
  - Two or more CDJs, connected via Pro DJ Link and one Mixer
  - Both units must support USB playback and have the latest firmware installed.
  - Preferred Models & Software:
    - Pioneer CDJ-3000 (Preferred)
    - Pioneer CDJ-2000NXS2
    - Others also possible <3
- Mixer
  - Preferred Models (ranked):
    - Allen & Heath Xone:96 (favorite)
    - Allen & Heath Xone:92
    - Pioneer also possible, but not preferred
- Booth / Monitoring
  - Two high-quality, adjustable booth monitors with volume control
  - 1x Headphones Output
  - A stable DJ booth at waist height (approximately 100–120 cm). It would be nice that the booth is free from strong vibrations and spacious enough to accommodate the equipment and additional gear.
  - Further if performance should happen during a hot sunny day, a sun shield or similar would be appreciated
- Recording
  - a direct (stereo) output for my own recording device should be provided. Please provide a power outlet that I can charge my recorder.
  - Alternatively, recording of the performance by the venue.
- Cables
  - All required cables for connecting CDJs, mixer, and monitors must be provided
- Sound System
  - A professional-grade sound system suitable for the venue size and audience capacity (e.g., Funktion-One). The system should be well-calibrated and include subwoofers for low-frequency response.
- Lighting
  - Lighting should be thoughtfully designed to complement the event's atmosphere, harmonize with the sound dynamics, and create an immersive experience that resonates with the audience's energy and emotions.
